SUBJECT: Product support statement for TecJet 50+ Precision Low Flow (PLF)

This product support statement is applicable for TecJet 50+ PLF (Precision Low Flow).

Due to a diminished demand Woodward will phase out the TecJet 50+ PLF. There will be no direct replacement offering.

Woodward will obsolete the TecJet 50+ PLF and will work with customers on an individual basis to either identify a best possible replacement and/ or an alternative Last time buy option.

Last Time Buy (LTB) production quantity/quotes will be valid until June 31st, 2020.

Table below provides the available TecJet 50+ PLF part numbers:

Part Number / Reference	Replacement part Number (if applicable)*	Communication Protocol
8407-520	Last time buy / no replacement	EGS-01
8407-521 / 411849	Last time buy / no replacement	Jenbacher

Table 1: TecJet 50+ PLF

Woodward does not recommend using any TecJet 50+ PLF for new applications or upgrades since the product is in the last stage of the product lifecycle.

Please contact your contact @ Woodward, OEM Dealer or Woodward Channel Partners to discuss this product support statement in more detail.

The support schedule for the TecJet 50+ PLF is as below.

Now – December 23rd, 2021:

- Unlimited new sales
- Unlimited repairs

December 23rd onwards:

- Potential functional replacement by TecJet 37.

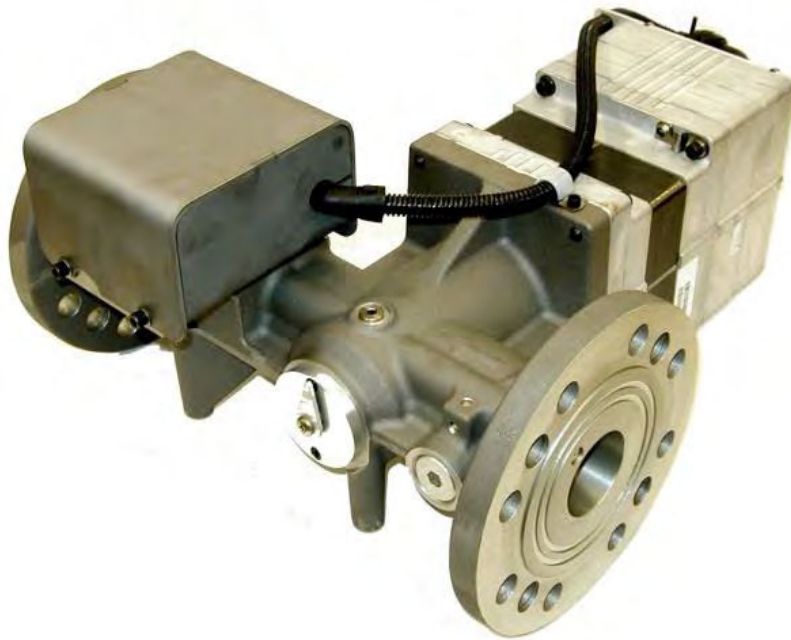

Figure 1: TecJet 50+ PLF

The TecJet 50+ PLF production will be stopped on December 23rd, 2021.
